

20th March 2020

School values

**Resourcefulness
and Determination**

Ambition

Communication

Empathy

Respect

**Confidence and Self
Esteem**

It would have been impossible for class teachers to pick one child who has shone this week. Every child in the school has truly demonstrated all of our school values. Whether they have been in school or self-isolating with their family, they have been an absolute credit to you. We are extremely proud of the manner in which the children are dealing with the current situation.

Although school will be closed for the majority of pupils from Monday, we are still here to provide support for our families. If you need to contact school please use the email or phone number below:

admin@warrenacademy.co.uk
0115 9153760

We will continue to provide updates via text message

If your child has a care plan for medical reasons and you feel updates are needed in light of the current situation, please don't hesitate to contact the school office and Mrs Gibson will contact you to discuss the matter further.

Below are some useful numbers if you are concerned about any child during this period of closure:

Childline: 0800 11 11

Nottingham City safeguarding: 0115 8764800

Nottinghamshire safeguarding: 0300 5008090

This is a great time to learn a new skill or to share the skills you already have. We would really like you to post videos or photos of your children doing this. Please send them in a message on class dojo to Mrs Gibson or Mr Tibble and they will be shared with all parents via class dojo.

Thank you parents for your support and understanding over the past week. A big thank you also to the staff team at Warren for their continued dedication and support.

Take care of yourselves and your families over the coming weeks and we hope to see you all very soon.
