Year 6 Easter Revision

Wednesday 30th March 2022

Dear Parents/Carers,

As you know, the children will be sitting their Standard Assessment Tests (SATs) very soon: Monday 9th – Thursday 12th May.

In order to help the children prepare for the maths papers, we have subscribed to a fun, personalised online and interactive resource called Sumdog.

I will be setting, before the end of the day Friday, a range of tasks for the children to complete over the Easter holidays. They are targeted at what your child needs, based on the results of the practice SAT papers they completed last week. The children can find these on their home page (I will show them exactly where on Friday). If the children complete **all of the tasks** set by me in this section, there will be a reward when they return to school!

The children have been on Sumdog today, in school, to have a go at using their login and to explore the site and the features. They have also completed an assessment on there, which has then in turn set them a range of challenges to complete at their own personalised level. If they complete all of the tasks I have set **and would like to do more**, then there will be an infinite amount of challenges for them to do in that section (I will show them again where on Friday so they are really clear).

If your child has a tablet, they will need to download the free Sumdog app, which looks like the image on the right. If they are using a laptop, they just need to search for Sumdog in the internet browser. If your child does not have access to a tablet or laptop, you can borrow one from school (please be aware we only have 14 of these so please only borrow one if you need to). **If you are going to borrow one from school, please come to the office anytime between now and the end of the day on Friday to sign for the laptop.**

The children will bring home a paper version of this letter, which will have their log in details on.

If you have any questions, please do not hesitate to ask.

Yours faithfully

Mrs Walsh
