# Attendance matters

## Why is attending school important?

Attendance is a critical factor in determining your child's long term success and future career/job prospects. It is also your child's right to have an education. Parents and carers have a legal duty to ensure your child is able to access a full-time education. Time in school allows your children to be safe and provides access to opportunities they may not be able to access – such as enrichment opportunities and extra-curricular clubs. Please remember that we are here to help, so please speak to a member of the team if you feel you need any support with your child's attendance.

Weekly attendance target: 96%

This week's overall attendance: 94.62%

Here is this week's attendance:

# Attendance matters

## Attendance processes if your child is absent from school

- All parents and carers are expected to notify school if your child is unable to attend and give reason as to why they are absent.

## If your child's attendance is above 90%

- If we do not receive communication from you, a text message will be sent to find out why your child is absent.
- If your child is well enough to attend in the afternoon, we encourage you to bring your child in, as they will receive an attendance mark for the afternoon session.
- We expect for you to continue to communicate with school on a daily basis if your child continues to be absent from school.
- If we do not receive communication from you, a house visit will be completed.

## If your child's attendance is below 90% - persistently absent

- If we do not receive communication from you, school will phone you by 9.30am to find out why your child is absent.
- Medical evidence, if your child is absent from school as they are unwell, will be requested from you.
- If medical evidence is not provided to school for your child's absence, we will complete a house visit to discuss your child's absence with you.
- If 3 home visits are made in a term, school will need to consider whether a referral to social services is required due to educational neglect.

## Lateness and unauthorised absence

- There has been a significant increase in the number of children that are arriving late to school.
- All children should arrive at school by 8.50am.
- If your child arrives past 9.30am, their attendance for the morning session will be classed as unauthorised, and this will negatively impact their attendance.
- You can receive a fine from the local authority for continued lateness past 9.30am, as this is considered to be unauthorised absence from school.

## Community news

The poster is set against a background of a stadium. At the top left is a green shield logo with 'EDUCATION' and 'F.C.' and a banner below it that says 'IN THE COMMUNITY'. To the right of the logo, the word 'presents' is written in a script font. Further right is a white box with 'FREE SCHOOL MEALS' and a green fork and knife icon. The word 'Easter' is written in large, white, 3D block letters, decorated with colorful Easter eggs. Below this, a red banner contains the text 'HOLIDAY TEENS ACTIVITIES'. To the left of the banner are four hexagonal images: a person in a kayak, a person in a paintball mask, a person in a VR headset, and a person in a car. To the right of the banner is a green box with white text: 'Age 11 -16 years old', '10 - 2pm EACH DAY', and '2nd, 3rd, 4th & 5th APRIL 2024'. Below this is a red box with white text: 'SOUTHLADE HUB' and 'Southglade Road Bestwood NG5 5GU'. Below the red box is a list of activities: 'VR EXPERIENCE | HAIRDRESSING EXPERIENCE | GO -APE | LASER TAG | ESCAPE ROOMS | DRIVING RANGE | PAINT BALLING | CRAZY GOLF'. # Keeping well this spring

An information leaflet from your Children's Public  
Health 0-19 Nursing Service, March 2024

## Measles cases are rising in England

More than 5 million unvaccinated children  
are at risk of catching measles in England.

**Measles can  
make your child  
seriously unwell**

Make sure your child is  
up to date with their  
MMR vaccinations

MMR immunisation is the safest way that parents can protect their children. Measles, Mumps and Rubella are highly infectious and can lead to serious problems including meningitis, hearing loss and problems during pregnancy. Vaccines teach your immune system how to create antibodies that protect you from diseases.

It's much safer for your immune system to learn this through vaccination than by catching the diseases and treating them. Once your immune system knows how to fight a disease, it can often give you lifelong protection. Catching measles would not protect you from mumps or rubella.

Make sure your child is up to date with their MMR vaccinations. You can make an appointment with your GP practice to catch up on missed doses.

### Has your child just been weighed and measured as part of the National Child Measurement Programme (Reception and Year 6)?

If your child was a healthy weight, you will not have received a letter.

If your child was not a healthy weight it is your choice whether you share this information with your child.

**The more we chat, play and read with our kids, the more we help build their brains.**

Any time, anywhere, whether at home or out and about, it all adds up.

There's no need to buy lots of toys or have big days out. Whenever you are, simply chatting back and forth, answering your child's questions and sharing special moments together all help their brain to grow and develop secure and strong connections, just what they need to get off to the right start at school.

The Start for Life website is packed with simple ideas from other parents on how to build these little moments into each day. It includes lots of examples of tips and activities for you to do together with your child at different ages, as well as links to find further support in your local area.

A new film has also been released to explain how children's brains develop during the early years, and the crucial role parents play through all the little moments they spend together with their child.
